---

Ryan Koppelman focuses his practice on intellectual property matters with a specific focus on patent litigation. He has handled over 50 patent infringement cases in forums across the country, including the ITC.

Ryan represents a wide variety of clients across diverse industries such as mobile, high tech, finance, health, telecom, and plastics, and his clients range from multinational publicly traded corporations to emerging growth and startup companies.

He passed the Electrical Engineering FE/EIT certification exam, and he has handled intellectual property disputes across a number of technology areas, including wireless protocols, chipsets, touchscreens, Bluetooth, GPS, mobile applications, e-commerce, call center processing, cloud computing, payment clearinghouses, health data processing, medical devices, plastics molding, polymer chemistry, and porous plastic sintering.

Ryan is the co-chair of the San Francisco chapter of the Licensing Executives Society (LES). The Justice & Diversity Center (JDC) of the San Francisco Bar Association recognized Ryan as an “Outstanding Volunteer in Public Service” for his service as counsel appointed by the court to defend a *pro se* patent owner defendant in the Northern District of California.
